

Hyva Hoses & Adapters

Quick Release couplings

Hyva Q.R. couplings

Quick release couplings are available with a swivel connection, with a flow of 160 litres up to 190 litres. The available kits enclose the adapters, couplings and dust caps for the female or male side. Optional we offer bolt-on and welding sockets and mounting plates.

The second range we offer is of the push-pull type. As these are less common for truck application we do not offer these as a kit. Ask for a specification sheet for details on standard.
